

DUDLEY FOUNTAIN

ACTIVITY SHEET

Dudley Fountain has been a meeting place for generations of Dudley residents. Designed by James Forsyth, it was completed and opened in 1867, and presented to Dudley people by the Earl of Dudley.

The Fountain was created to allow access to clean drinking water not just for humans but also horses and even dogs, hence the multiple drinking areas at different levels.

Whilst we are at home and not visiting our favourite places why not have a go at our word search and activities and share your completed work with us.
