

## Supply Chain and Procurement Policy

**PNR Construction Ltd** delivers a comprehensive service from project inception through design and construction to operation and maintenance. The scope of this policy covers all our UK operations.

**The PNR Construction Ltd** Supply Chain and Procurement policy has been developed to assist in complying with our quality, safety and environmental management systems and to promote procurement of more sustainable solutions, products and materials as well as the development of sustainable business relationships.

**PNR Construction Ltd** prides itself on a very strong partnership culture. In order to consistently deliver an excellent level of service and outstanding quality projects, we need to work effectively alongside our supply chain.

**PNR Construction Ltd** is committed to continuous improvement, to capturing

innovation, and to sustainable development. Our supply chain strategy is designed to encourage openness, trust and collaboration and we have created a set of relationship guidelines to ensure that these aspirations underpin the way in which we work with our supply chain.

Whilst **PNR Construction Ltd** has strategic partnerships with several large national suppliers, we also take steps to ensure that we engage with local suppliers and SME's. We are fully aware and embrace our responsibilities to support the local economy and our duty to create jobs and improve people's lives.

Prequalification and Approval **PNR Construction Ltd** will prequalify and assess suppliers and subcontractors to ensure that they meet the requirements of our safety, quality and environmental management systems; **PNR Construction Ltd** prequalification process is fully aligned to PAS91:2013.

The UK Government has mandated use of the PAS91 question set for all central government buyers and recommends that all other buyers use this format to make the pre-qualification process simpler, making work opportunities more accessible to suppliers.

**PNR Construction Ltd** will minimise the amount of repetition and duplication within its own prequalification process.

**PNR Construction Ltd** will, where possible, work with its supply chain to ensure they are fully registered with Constructionline.

**PNR Construction Ltd** will, where possible, work with its supply chain to ensure they are accredited under the SSIP health and safety mutual recognition scheme. Sustainable Procurement

**PNR Construction Ltd** will: procure timber from Forest Stewardship Council (FSC) and/or Programme for the Endorsement of Forest Certification (PEFC) approved sources; where viable, give preference to the use of timber and timber products, which are assured as “Grown in Britain”

**PNR Construction Ltd** will seek alternative materials incorporating higher proportions of recycled materials; give preference to procuring products (direct and indirect) which are able to demonstrate compliance with a recognised responsible sourcing scheme, certified by a third party.

**PNR Construction Ltd** will continually seek to reduce our vehicle fleet’s carbon dioxide emissions by

encouraging uptake of less polluting vehicles; at all times consider the energy efficiency of plant, equipment and materials and promote those items with the greatest energy efficiency; and ensure that whatever service or material we are purchasing, that it will be legal, ethical and in accordance with client requirements and the **PNR Construction Ltd** policy: Code of ethics.

**PNR Construction Ltd** will conduct any product or ‘kit’ which is produced and placed on the market for permanent incorporation in construction works carries the CE marking, this is a minimum requirement of **PNR Construction Ltd**.

This policy applies to all parts of **PNR Construction Ltd**. All employees responsible for procurement of any sort within the group will take a proactive role in implementing this policy.

This policy will be reviewed annually and be adapted if changes to the company occur. This policy will be communicated to all staff via e-mail. Furthermore, it will be made available to members of the public via the **PNR Construction Ltd** website and on request.
