

We are a major independent flexible packaging manufacturer based in the UK and operate from 2 sites operating in FMCG markets. Our Operations range from Extrusion, Print and Lamination to Slit, Conversion into Bags and dedicated in-house Recycling Units. Because of the diversity of our Operations, we are equipped to offer complete supply chain control over any plain or printed PE, PP or laminated packaging material we produce.

We operate in line with our “Vision 2020” plan, which forms the basis of all our governance, continual improvement and opportunities to our business from all perspectives. We communicate these opportunities via our Hazard and Risk Management analysis and our defined communication channels into everyday operational life. We ensure that our Products are assessed for their suitability to meet their stated requirements.

Over the years we have built a reputation for ethical and reliable trading of high quality products, technical expertise, advice and support, as well as our excellent customer service levels. Our objective is to build upon and enhance the reputation we have created within our Industry.

To achieve our objectives, we have outlined our intentions in a few steps:

Quality Policy Objectives:

- We will supply high quality products at competitive prices, in line with the exacting reputation we have established whilst reducing waste wherever possible.
- We will embrace the quality standard ISO 9001:2015 and all applicable local-, national - and international rules & regulations as well as expressed functional requirements of our customers.
- We will provide the safe, legal & technically competent total solutions to meet and exceed customer needs and expectations.
- We will use approved suppliers only and aim to build long term relationships with them to meet and exceed our customers’ expectations.
- We will work in partnership with our customers to foster successful long-term relationships, which will encourage the continual improvement of products and services we provide.
- We will review our operations to ensure that we meet our customers’ requirements at all times and take appropriate actions where we cannot achieve this.
- We will review the company’s performance and the satisfaction of the customers we serve maintain and continually improve the effectiveness of our Quality Management System. We will formally record improvements through our Management Review Meetings.

We believe that with the help of our dedicated employees we can continually supply our customers with high quality materials and services and continue to exceed customer needs and expectations across the world.
